B1 The main operating businesses of the Group are marketing of consumer products and services, restaurants and cafes, property investment and development, hotels and resorts and gaming operations. The key factors (other than the general economic conditions) affecting the performance of the main operating businesses in the Group are as follows:

#### Retail

#### Retail - non-food:

Effectiveness of marketing initiatives, new product launches, sales productivity, consumer preferences and spending trends, the fluctuation of foreign exchange rates impacting product costs and competitive pricing and promotions offered by competitors and the disposable income of the consumers.

#### Retail - food:

Festive season, tourism, eating out culture, raw material costs, staff costs and affluent lifestyle as well as consumer perception.

#### **Property**

Demography of population, location of the properties, costs of building materials and related services, lending guidelines and interest rates of the financial institutions, rental rates, age and condition of investment properties and the quality of property management services.

#### **Hospitality**

Room rates, seasonal festive periods and school holidays, location of the hotels and resorts, tourism and currency exchange trends, energy/other supplies costs, quality of rooms/amenities/service.

#### Services

Disposable income of the general public, Jackpot cycles, luck factor, illegal gaming activities and the number of draws in the financial period.

The performance of the Group's operating businesses may be affected should the imposition of restrictive measures be introduced in response to any future pandemic.

The summarised results of the Group are as follows:

#### **Review of results for the quarter**

The Group registered a revenue of RM2.50 billion and pre-tax profit of RM82.20 million in the current quarter ended 31 March 2023 as compared to a revenue of RM2.42 billion and pre-tax profit of RM93.44 million reported in the previous year corresponding quarter.

#### Commentary on revenue

The Group recorded a higher revenue in the current quarter mainly contributed by the hospitality, property and food retail business segments.

#### <u>Retail</u>

The lower revenue from the non-food retail business segment was mainly due to lower revenue from H.R. Owen Plc ("HR Owen"). HR Owen's revenue in its local currency i.e. Pound Sterling for this current quarter was on par with the previous year corresponding quarter. However, it reported a drop in revenue when converted to Ringgit Malaysia from Pound Sterling due to the unfavourable foreign exchange effect.

The higher revenue reported by the food retail business was mainly due to the opening of new Starbucks cafes in the current quarter.

#### Property

The property segment reported higher revenue in the current quarter mainly due to higher property progress billings registered from its local project at The Tropika, Bukit Jalil as well as the higher revenue arising from the disposal of several parcels of land.

#### **Hospitality**

The hospitality segment reported higher revenue mainly due to the higher overall occupancy rates and average room rates as compared to the previous year corresponding quarter.

#### Services

The services segment reported a decrease in revenue in the current quarter. This was mainly due to the lower revenue reported by the gaming operations, which was operated by STM Lottery Sdn Bhd (formerly known as Sports Toto Malaysia Sdn Bhd) ("STM Lottery"). The lower revenue was primarily due to the current quarter having lesser number of draws as compared to the previous year corresponding quarter. There were forty one (41) draws in the current quarter under review as compared to forty three (43) draws in the previous year corresponding quarter. In addition, the higher revenue in the previous year corresponding quarter was attributable to the Toto Supreme 6/58 lotto game reaching to a record accumulated jackpot prize.

#### Commentary on results

The Group reported a higher profit from operations in the current quarter, which was mainly contributed by the property and hospitality segments. The lower pre-tax profit was due to the impact of higher finance costs and lower net invesment related income in the current quarter which was mitigated by the share of better results from the associated companies.

#### <u>Retail</u>

The lower pre-tax profit reported by the non-food retail business was mainly due to lower contribution by HR Owen. The lower pre-tax profit from HR Owen in the current quarter was mainly due to the used car sector profit margin softened in the current quarter whilst in the previous year corresponding quarter, HR Owen achieved exceptionally higher profit level due to the new car supply constraints then. In addition, HR Owen also now faced challenges from the impact of continued inflationary costs pressures and higher finance costs arising from the interest rate hike in the United Kingdom.

In spite of higher revenue reported by the food retail segment, it reported a lower pre-tax profit in the current quarter which was mainly due to margin compression arising from inflationary pressures thus incurring higher operating costs.

#### Property

The property business segment reported higher pre-tax profit due to higher property progress billings from The Tropika project at Bukit Jalil and also the disposal of several parcels of land.

#### **Hospitality**

The improved performance from the hotel business segment was due to the abovementioned reasons.

#### Services

The drop in pre-tax profit was in line with the lower revenue attained by STM Lottery and the higher prize payout in the current quarter under review.

#### **Review of results for the financial period**

The Group registered a revenue of RM7.08 billion and pre-tax profit of RM281.87 million for the financial period ended 31 March 2023 as compared to a revenue of RM5.86 billion and pre-tax profit of RM241.93 million reported in the previous year corresponding period.

#### Commentary on revenue

The Group registered higher revenue in the current period due to the higher revenue recorded from all segments except for non-food retail segment.

#### <u>Retail</u>

The lower revenue from the non-food retail segment was mainly contributed by the revenue in HR Owen and the deconsolidation effect of the two motor trading subsidiaries. HR Owen reported an increase in revenue in the current period as compared to the previous year corresponding period. However, it reported a drop in revenue when converted to Ringgit Malaysia from Pound Sterling due to the unfavourable foreign exchange effect.

The food retail business segment reported a higher revenue in the current period under review mainly due to higher same-store-sales growth particularly from the Starbucks cafe outlets as well as additional Starbucks cafes operating in Malaysia as compared to the previous year corresponding period.

#### Property

The higher revenue reported by the property segment was mainly due to higher property progress billings, higher revenue arising from the disposal of several parcels of land as well as higher sales of overseas residence units.

#### **Hospitality**

The hospitality segment reported higher revenue mainly due to higher overall occupancy rates and average room rates in the current period under review.

#### Services

The higher revenue of services segment was mainly contributed by the gaming operations. The increase in revenue was mainly due to the full resumption of business operations in the current period ended 31 March 2023 whilst the previous year corresponding period business operations were disrupted by the imposition of nationwide lockdown from 1 June 2021 to 13 September 2021 resulting in the cancellation of thirty seven (37) draws during that period.

#### Commentary on results

The higher pre-tax profit reported for the current period was mainly due to the significant improvement in profit from operations which was contribued by the property and services segments, as well as improved performance from hospitality segment.

#### <u>Retail</u>

The lower pre-tax profit reported by the non-food retail business was mainly due to HR Owen. HR Owen pre-tax profit declined in the current period as compared to the previous year corresponding period. The outstanding performance recorded in the previous year 9-month period benefited from the exceptionally strong demand in used car as a result of new car supply constraints. In addition, the incurrence of higher operating costs with continued inflationary pressures and higher finance costs arising from interest rate hike in the United Kingdom have further impacted the profit margin in the current period.

In spite of higher revenue reported by the food retail segment, it reported a lower pre-tax profit in the current period which was mainly due to higher operating costs incurred arising from inflationary pressures.

#### Property

The property business segment reported pre-tax profit which was mainly due to the higher revenue registered as mentioned above in the current period under review.

#### **Hospitality**

The improved performance from the hospitality business segment was mainly due to the higher revenue as mentioned above in the current period under review.

#### Services

The increase in pre-tax profit from the services business segment was mainly due to the full resumption of STM Lottery's business operations in the current period under review as mentioned above.

#### B2 Review of results of current quarter vs preceding quarter

	3-Month Ended		
	31/03/2023 RM'000	31/12/2022 RM'000	+/(-) %
Revenue	2,499,882	2,335,157	7
Profit from operations	130,334	139,764	(7)
Profit before tax	82,199	92,081	(11)

For the current quarter under review, the Group recorded a revenue of RM2.50 billion and pre-tax profit of RM82.20 million as compared to a revenue of RM2.34 billion and pre-tax profit of RM92.08 million reported in the preceding quarter.

#### Commentary on revenue

The Group recorded higher revenue in the current quarter mainly contributed by non-food retail segment.

#### Retail

The non-food retail business segment reported higher revenue as HR Owen's revenue was higher in the current quarter compared to the revenue reported in the preceding quarter. The higher revenue achieved was attributed to higher number of vehicles sold from both new and used car sectors in the current quarter under review.

As compared to the previous quarter, the food retail business reported lower revenue in the current quarter under review. The higher revenue recorded in the previous quarter was attributed to the calendar year end festive promotions, school holidays and the Christmas season. The second quarter is traditionally the food retail business biggest quarter in terms of their revenue in the financial year.

#### Property

The property segment reported a marginal decline in revenue due to the absence of overseas residence units disposal in the current quarter. However, this decrease was offset by higher revenue from the higher property progress billings and the disposal of several parcels of land.

#### **Hospitality**

The lower revenue registered from the hospitality business segment was mainly due to lower occupancy rates as compared to the preceding quarter.

#### Services

The services segment reported lower revenue mainly due to lower revenue reported by STM Lottery, which was mainly due to lower number of draws conducted. There were forty one (41) draws in the current quarter as opposed to forty eight (48) draws in the preceding quarter.

#### Commentary on results

The lower pre-tax profit reported for the current quarter under review was mainly from the services and retail segments.

#### <u>Retail</u>

HR Owen recorded a pre-tax profit in the current quarter as opposed to the pre-tax loss reported in the preceding quarter. The improved results aligned with the stronger revenue attained but partially offset by higher operating costs due to inflationary pressures and also higher finance costs driven by interest rate hike in the United Kingdom.

The lower pre-tax profit reported by the food retail business was mainly due to the abovementioned reasons.

#### **Property**

The lower pre-tax profit reported by the property segment was mainly due to the abovementioned reasons.

#### **Hospitality**

The pre-tax loss reported by the hospitality segment was mainly due to the lower revenue mentioned in the above paragraph, unfavourable foreign exchange effect as well as higher operating costs incurred.

#### Services

STM Lottery registered a lower pre-tax profit in the current quarter mainly due to the higher prize payout in the current quarter under review.

#### B3 <u>Future prospects</u>

Malaysia's economic growth is expected to moderate in 2023, underpinned by strong domestic demand and the moderation of average inflation rate despite the uncertainties in global economic conditions. The NFO business industry in Malaysia continues to be vigilant and to navigate carefully through changes in the local government policies. The performance of the business segments of the Group is expected to improve on the back of strong consumer spending, rebound of tourism activities and better-than-expected labour market conditions. The Group will monitor the prevailing global and local political development in the countries where the Group has business operations.

Taking into account of the aforesaid and barring any unforeseen circumstances, the Directors are cautiously optimistic that the performance of the business operations of the Group for the remaining quarter of the financial year ending 30 June 2023 to be satisfactory.

#### (a) <u>Note 41(b)(1) regarding the STC Proposals proceedings (continued)</u>

The judgment rendered on 9 November 2017 was as follows:

- 1) The Applicants' applications against the 2nd, 3rd, 4th, 6th, 7th and 8th Respondents were dismissed with costs of RM2,000.00 awarded to the 2nd, 3rd, 4th, 6th, 7th and 8th Respondents respectively.
- 2) The Applicants were allowed to proceed with the development.
- 3) The Applicants were required to submit the relevant documents to the relevant technical departments for comments.
- 4) The technical departments were directed to respond within 3 months from the receipt of these documents, and failing which it is deemed that they have no objection to these documents.
- 5) Pursuant to an order in the nature of mandamus, the 1st and 5th Respondents were directed to re-table the Applicants' proposal papers to relocate and construct the Selangor Turf Club before the National Physical Planning Council within 3 months after the receipt of the proposal papers from the Applicants.
- 6) The Applicants were directed to submit the said proposal papers within 1 month upon receipt of the fair order, failing which the Applicants shall forfeit the benefit of the order of mandamus pursuant to paragraph (5) above.
- 7) The 1st and 5th Respondents were ordered to pay the Applicants compensation for any loss suffered by the Applicants. The amount of such compensation would be assessed in subsequent proceedings.

On 14 December 2017, BLand announced that the Selangor State Government and several other respondents ("the Appellants") had filed a Notice of Appeal to the Court of Appeal to appeal against the above decision of the Shah Alam High Court ("Main Appeal"). The hearing at the Court of Appeal had been fixed on 8 October 2018. The 1st and 5th Respondents had also applied to stay the ongoing proceedings in the Shah Alam High Court and the execution of the Shah Alam High Court judgment in the judicial review proceedings ("Stay of Proceedings Application"). The Applicants had applied to the Shah Alam High Court for an extension of time to submit the proposal papers to the 1st and 5th Respondents ("Extension of Time Application"). In addition, the Applicants had also filed an application for assessment of compensation pursuant to the aforesaid Shah Alam High Court judgment ("Assessment Proceedings").

The Court of Appeal had granted a stay of execution of the Shah Alam High Court judgment and the Assessment Proceedings pending the disposal of the Main Appeal at the Court of Appeal.

The hearing of the Selangor State Government's appeal at the Court of Appeal, which was previously fixed on 24 October 2019 had been vacated by the Court of Appeal. The Court of Appeal would instead hear a motion by the Appellants to adduce further evidence in this matter. The Court of Appeal had fixed 22 November 2019 as case management date to fix the hearing date of the Main Appeal. Subsequently, the Court of Appeal fixed the hearing date of the Main Appeal on 27 March 2020.

#### (a) <u>Note 41(b)(1) regarding the STC Proposals proceedings (continued)</u>

The hearing of the Appellants' motion to adduce further evidence in the matter was dismissed by the Court of Appeal on 24 October 2019. The Appellants subsequently filed a motion for leave to appeal to the Federal Court against the decision of the Court of Appeal in dismissing the Appellants' motion to adduce further evidence (the "FC Leave Motion"). The Federal Court had fixed the hearing of the FC Leave Motion on 13 April 2020.

The Appellants had also filed a stay application to stay the hearing of the Main Appeal pending disposal of the FC Leave Motion. This stay application was fixed for hearing on the same day as the hearing of the Main Appeal, that was on 27 March 2020. In the event that the stay was refused by the Court of Appeal, the hearing of the Main Appeal would proceed.

Due to the MCO coming into effect on 18 March 2020, the hearings of the FC Leave Motion and the application for stay as well as the main appeal were postponed to 6 July 2020 and 2 July 2020 respectively. A case management date for the main appeal was also fixed for 9 July 2020 by the Court of Appeal.

Subsequently, the State Government had withdrawn both FC Leave Motion and the stay application at the Court of Appeal on 19 June 2020 and 2 July 2020 respectively. The hearing of the Main Appeal by the Court of Appeal was initially fixed on 14 December 2020. However, the Court of Appeal had postponed the hearing date of the Main Appeal to 29 June 2021. The implementation of FMCO beginning 1 June 2021 further postponed the hearing date to 27 September 2021. On 27 September 2021, the Court of Appeal postponed the hearing date to 3 November 2021.

The Main Appeal was heard by the Court of Appeal on 3 November 2021. The Court of Appeal allowed the appeal of the Appellants and set aside the decision of the Shah Alam High Court rendered on 9 November 2017.

The Applicants did not agree with the decision of the Court of Appeal and filed a motion for leave to appeal to the Federal Court to set aside the decision of the Court of Appeal and restored the decision of the Shah Alam High Court of 9 November 2017 ("Motion for Leave"). With respect to the Assessment Proceedings and Extension of Time Application, the Shah Alam High Court had fixed a further case management date on 25 November 2021 for the Applicants to update the Shah Alam High Court as to their next course of action following the Court of Appeal's decision on 3 November 2021.

The case management date at the Shah Alam High Court was subsequently rescheduled to 8 December 2021 at which the Shah Alam High Court directed that in light of the Court of Appeal's decision, there were no further proceedings on both the Assessment Proceedings and the Extension of Time Application at the Shah Alam High Court. Hence, there was no basis for the applications to be kept in abeyance at the Shah Alam High Court. The Court then struck out both the Assessment Proceedings and the Extension of Time Application of Time Application with no order as to costs.

Subsequently, the initial hearing date to hear the Motion for Leave at the Federal Court was fixed for 2 August 2022 which was postponed to a later date to be fixed by the Federal Court. At the case management on 3 October 2022, the Federal Court had fixed 12 January 2023 to hear the Motion for Leave. On 12 January 2023, the Federal Court postponed the hearing to 12 April 2023.

#### (a) <u>Note 41(b)(1) regarding the STC Proposals proceedings (continued)</u>

At the hearing on 12 April 2023, the Federal Court has granted the Applicants leave for appeal at the Federal Court. The Federal Court has fixed a case management on 19 June 2023 and the hearing date will be set in due course.

The BCity Project Legal Proceedings is still ongoing.

#### (b) Note 41(b)(2) regarding the GMOC Project Arbitration Proceedings

On 16 December 2015, BLand announced that Berjaya (China) Great Mall Co. Ltd ("GMOC"), a 51%-owned subsidiary of Berjaya Leisure (Cayman) Limited, which in turn is a wholly-owned subsidiary of BLand had entered into a Construction Project Transfer Agreement ("Contract") with Beijing SkyOcean International Holdings Limited ("Beijing SkyOcean"), for the proposed disposal of the Berjaya (China) Great Mall Recreation Centre which is under construction and located in Sanhe City, Hebei Province, the People's Republic of China ("Great Mall Project"), for a cash consideration of RMB2.08 billion (or about RM1.39 billion) ("Proposed Disposal").

#### Beijing SkyOcean had paid:

(i) RMB50.0 million (or about RM33.4 million) to GMOC on the signing of the Contract; and (ii) RMB1.015 billion (or about RM677.92 million) paid into an escrow bank account ("1st Instalment"). This amount shall be released to GMOC within 5 working days after all condition precedents ("CP") have been fulfilled.

On 16 December 2016, BLand announced that the Proposed Disposal had been completed with the receipt of RMB1.015 billion or 1st Instalment by GMOC from the escrow bank account following the fulfilment of all CP. The balance of cash consideration of RMB1.015 billion was to be received by November 2017 ("Final Instalment").

Subsequently, on 28 April 2017, BLand announced that following the completion of the Proposed Disposal, GMOC had entered into a supplementary agreement with Beijing SkyOcean to adjust the total cash consideration pursuant to the Proposed Disposal from RMB2.08 billion to RMB2.039 billion, and accordingly revised the Final Instalment to RMB974.07 million as a result of part of the land being regained by Sanhe Land and Resource Bureau, reimbursement of theme park equipment and shared expenses relating to certain electrical works.

SkyOcean Holdings Group Limited which holds 100% stake in Beijing SkyOcean, and its major shareholder, Mr. Zhou Zheng ("the Guarantors") shall guarantee the performance of the obligations by Beijing SkyOcean pursuant to the Contract.

On 8 December 2017, BLand announced Beijing SkyOcean had not remitted the Final Instalment to GMOC by the appointed time. Hence, GMOC after seeking legal advice, had on 7 December 2017, issued a notice of demand to Beijing SkyOcean and the Guarantors to pay to GMOC the Final Instalment and accrued late payment interest within 3 days upon receipt of the said notice, failing which GMOC would take all relevant legal measures, including commencing legal proceeding in Hong Kong against Beijing SkyOcean and the Guarantors to protect and enforce GMOC's legitimate rights.

On 19 January 2018, BLand announced that GMOC submitted a Notice of Arbitration to the Hong Kong International Arbitration Centre against Beijing SkyOcean and the Guarantors ("Respondents") to seek recovery of the Final Instalment and accrued late payment interest as well as other reliefs.

The arbitral hearing was held and concluded in the week of 16 December 2019.

On 27 May 2020, BLand announced that GMOC had on 21 May 2020 obtained a favourable arbitration award from the HKIAC ("Final Award"), details of which are as follows:-

#### (b) <u>Note 41(b)(2) regarding the GMOC Project Arbitration Proceedings (continued)</u>

- Beijing SkyOcean shall pay liquidated damages on the outstanding balance amount calculated at the People's Bank of China's lending rate of 4.75% per annum from the payment due date of 28 November 2017 until the date full payment is made;

On 18 December 2020, Beijing Fourth Intermediate People's Court ordered the recognition and enforcement of GMOC's Final Award under the Supplemental Arrangement Concerning Mutual Enforcement of Arbitral Awards between the Mainland and the Hong Kong Special Administrative Region ("HKSAR"), which was entered between the Chinese Supreme People's Court and HKSAR.

On 2 June 2021, the Hong Kong Court ordered a bankruptcy order against Zhou Zheng. Subsequently, GMOC appointed Grant Thornton Recovery & Reorganisation Limited as joint and several trustees of the property of Zhou Zheng, to investigate and recover the Final Award.

The courts in the People's Republic of China and Hong Kong have ordered that various assets of Beijing SkyOcean and its Guarantors to be frozen and will be appraised for auction to eventually recover the Final Award.

The abovementioned enforcement proceedings are still ongoing.

(c) Note 41(c)(1) regarding the Amat Muhibah Tax Dispute

On 16 June 2021, the Inland Revenue Board of Malaysia ("IRB") issued notice of Additional Assessment ("Form JA") in accordance with Sections 4(c) and 4(f) of the Income Tax Act 1967 ("ITA 1967") to Amat Muhibah Sdn Bhd ("AMSB"), a 52.6% subsidiary company of the Group, on gains from the surrender of certain assets to authorities for the Year of Assessment (YA) 2017. The amount of additional tax assessed, inclusive of tax penalties, amounted to RM66.44 million ("Tax in Dispute"). Previously, the gains were brought to tax under Section 4(a) of the ITA 1967 by AMSB.

AMSB did not agree with the basis applied by the IRB and had filed an official appeal against the additional assessment for YA2017 through submission of the prescribed Form Q to the Special Commissioners of Income Tax ("SCIT"). SCIT had fixed the trial on 25 March 2024 and 26 March 2024.

- On 1 July 2021, AMSB wrote to the Ministry of Finance Malaysia ("MOF"), requesting MOF:
- (a) to give a general character direction to Director General of Inland Revenue ("DGIR") as to the exercise of the functions of the DGIR under Section 135 of the ITA 1967 and for the DGIR to give effect to the direction so given; or
- (b) to grant an exemption under Section 127(3A) of the ITA 1967 with regards to Tax in Dispute, within the week.

As MOF did not respond to AMSB's request, AMSB had filed an application to the High Court of Kuala Lumpur ("High Court") for judicial review against MOF on 8 July 2021 ("MOF Judicial Review"). The High Court fixed 15 September 2021 for the first hearing of the MOF Judicial Review. AMSB had also been granted an interim stay on the payment of the Tax in Dispute until 15 September 2021. Subsequently, the hearing date had been rescheduled to 25 July 2022 and an interim stay has been granted till then. At the hearing on 25 July 2022, the High Court granted leave for AMSB's application of judicial review and a stay until the full and final determination of the judicial review application.

#### (c) <u>Note 41(c)(1) regarding the Amat Muhibah Tax Dispute (continued)</u>

On 8 August 2022, IRB informed the High Court that it had filed an application to intervene ("IRB Application to Intervene"). At the hearing on 2 February 2023, the High Court had allowed IRB Application to Intervene.

On 11 October 2022, the Attorney General Chambers informed the High Court that it had filed an appeal at the Court of Appeal against the High Court's decision to grant leave for the MOF Judicial Review ("AGC Appeal").

The Court of Appeal had fixed a case management on 13 February 2023 in regards to AGC Appeal. On 13 February 2023, the Court of Appeal had fixed a further case management date on 27 March 2023 for the Applicants to update the Court of Appeal on the status of the Notes of Proceedings. At the case management on 27 March 2023, MOF requested for more time to file Notes of Proceedings. The Court of Appeal then fixed case management on 26 July 2023 for both parties to update the status. In regards to the MOF Judicial Review, the High Court had fixed a further case management on 27 July 2023 to update the High Court on the status of the AGC Appeal.

Based on the opinion of AMSB's external legal advisor, the Board of Directors are of the view, that AMSB has an arguable case that the IRB has no legal and factual basis to raise the Tax in Dispute.

B10 The Board does not recommend any dividend for the current quarter under review (previous year corresponding quarter ended 31 March 2022: Nil).
