Demography of population, location of the properties, costs of building materials and related services, lending guidelines and interest rates of the financial institutions, rental rates, age and condition of investment properties and the quality of property management services.

Hospitality

Services

Disposable income of the general public, Jackpot cycles, luck factor, illegal gaming activities and the number of draws in the financial period.

The performance of the Group's operating businesses may be affected should the imposition of restrictive measures be introduced in response to any future pandemic.

The summarised results of the Group are as follows:

UNAUDITED INTERIM FINANCIAL REPORT FOR THE PERIOD ENDED 31 MARCH 2026

ADDITIONAL INFORMATION REQUIRED BY THE BURSA SECURITIES LR

Commentary on revenue

The Group recorded lower revenue in the current quarter under review, mainly due to lower contributions from the non-food retail business and services segments.

Retail

The lower revenue reported by the retail segment was mainly due to lower contribution from the non-food retail business, while the food retail business recorded a marginal increase in revenue.

The lower revenue reported by the non-food retail business was mainly attributed to lower sales contribution from H.R. Owen Plc (“HR Owen”), arising from lower sales volume in both the new and used car segments. The longer vehicle product life cycle, coupled with transition gaps between new model launches, led to the poor sales performance. In addition, when translated into Ringgit Malaysia, the revenue reduction was further impacted by unfavourable foreign exchange translation effects.

The improvement in revenue reported by the food retail business was mainly attributed to contribution from the Group’s overseas operations, as well as higher revenue generated from the Starbucks operations in Malaysia, notwithstanding a reduced number of operating stores. These improvements offset the lower revenue from the Kenny Rogers Roasters (“KRR”) operations in Malaysia, which was mainly due to the continued closure of non-performing stores during the current financial quarter.

Property

The property segment reported higher revenue for the current quarter, mainly due to higher progress billings from its projects at Residensi Oak, Bukit Jalil and Pangsapuri Azalea, Subang Heights. This was partially offset by lower sales of residence units from a local project in the current quarter under review.

Hospitality

The hospitality segment recorded higher revenue, primarily attributed to higher overall occupancy rates in the current quarter under review.

Services

The services segment recorded lower revenue in the current quarter, mainly due to lower revenue contributions from STM Lottery Sdn Bhd (“STM Lottery”), as the previous year corresponding quarter benefitted from stronger sales driven by higher accumulated jackpot prizes from the Supreme Toto 6/58 game. Further, there were also lower number of draws conducted in the current quarter (41 draws versus 42 draws).

In addition, the lower revenue was reported by the telecommunications network services (“MTNS”) business. The decrease in MTNS revenue was mainly due to certain projects nearing the end of their deployment phase, with several projects having been completed in the previous financial year.

Commentary on results

The Group reported a higher pre-tax loss for the current quarter under review, mainly due to weaker performance from the services and non-food retail business segments.

As disclosed in Note A3, the Group also recorded impairment on investments in associated companies following a decline in market prices as at quarter end, as well as losses on deemed disposal of subsidiary companies arising mainly from the recycling of cumulative foreign currency translation losses to profit or loss upon deregistration of the respective foreign subsidiary companies.

Retail

The retail segment reported improved performance in the current quarter, mainly due to a lower pre-tax loss recorded by the food retail business.

The food retail business reported a lower pre-tax loss in the current quarter, mainly due to improved profit margins arising from cost-saving initiatives, store rationalisation measures, as well as lower depreciation and amortisation charges following the impairment losses recognised in the previous financial year.

The lower pre-tax profit reported by the non-food retail business was in line with the drop in revenue, coupled with higher statutory employment costs arising from the newly implemented United Kingdom ("UK") labour regulations effective April 2025.

Property

The property segment reported a pre-tax profit in the current quarter, primarily driven by the higher revenue as mentioned above.

Hospitality

The hospitality segment reported a lower pre-tax loss, in line with the higher revenue mentioned above.

Services

The lower pre-tax profit reported by the services segment was mainly in line with the lower revenue from the gaming business operations and MTNS business, as discussed above.

Review of results for the financial period

The Group registered a revenue of RM6.71 billion and incurred a pre-tax loss of RM81.72 million for the financial period ended 31 March 2026 as compared to a revenue of RM6.97 billion and incurred a pre-tax loss of RM149.47 million reported in the previous year corresponding period.

Commentary on revenue

The decrease of the Group's revenue in the current period was mainly due to lower contributions from the non-food retail business and services segments.

Retail

The retail segment reported lower revenue for the current period, mainly attributed to weaker contribution from the non-food retail business, partially offset by a marginal increase in revenue recorded by the food retail business.

The decline in revenue reported by the non-food retail business was primarily due to lower contribution from H.R. Owen, arising from reduced sales volume in the new car segment. The subdued performance of the new car sector was mainly attributed to extended vehicle product life cycles, which continued to constrain the model mix and availability of new models. In addition, customers remained cautious in their luxury spending amid prolonged economic uncertainty. When translated into Ringgit Malaysia, the revenue decline was further impacted by unfavourable foreign exchange translation effects.

Meanwhile, the food retail business recorded a marginal increase in revenue, mainly attributed to the factors mentioned above.

Property

The property segment reported higher revenue for the current period, mainly due to higher progress billings from its projects at Residensi Oak, Bukit Jalil and Pangsapuri Azalea, Subang Heights. This was partially offset by lower sales of residence units from a local project in the current period under review.

Hospitality

The hospitality segment reported higher revenue, mainly due to higher overall average room rates achieved during the current period under review.

Services

The services segment recorded lower revenue contribution in the current period, primarily due to relative lower sales from STM Lottery, as the previous year corresponding period benefitted from strong sales driven by higher accumulated jackpot prizes, particularly from the Supreme Toto 6/58 game.

The services segment also recorded lower revenue contribution from the MTNS business. The decline in MTNS revenue in the current period was mainly due to certain projects nearing completion of its deployment phase and also several projects were completed in the previous financial year.

Commentary on results

Despite lower operating profit due to weaker performance in the services, non-food retail and hospitality segments, as well as unfavourable unrealised foreign exchange translation losses arising from the strengthening of the Ringgit Malaysia, the Group delivered a lower pre-tax loss position in the current quarter. This improvement was primarily supported by the net reversal of impairment on investments in associated companies, as disclosed in Note A3.

Retail

The retail segment reported improved performance in the current period, mainly attributed to better results from the food retail business, partially offset by weaker performance from the non-food retail business.

Despite a marginal increase in revenue recorded by the food retail business, the pre-tax loss decreased significantly, mainly due to improved profit margins arising from cost-saving initiatives and store rationalisation measures, as well as lower depreciation and amortisation charges following impairment losses recognised in the previous financial year.

Meanwhile, H.R. Owen recorded a pre-tax loss mainly due to lower sales, margin pressure and higher operating expenses, particularly arising from increased statutory employment costs following the implementation of new UK labour regulations.

Property

The better performance of the property segment was in line with the increase in revenue recorded in the current period.

Hospitality

The hospitality segment recorded lower results, mainly due to unrealised foreign exchange translation effects.

Services

The gaming business operated by STM Lottery reported a lower pre-tax profit, which was in line with the lower revenue recorded during the current period under review.

Similarly, the MTNS business reported a lower pre-tax profit, mainly due to lower revenue and reduced gross profit contributed by MTNS business in the current period.

B2 Review of results of current quarter vs preceding quarter

	3-Month Ended		+ / (-) %
	31/03/2026	31/12/2025	
	RM'000	RM'000	
Revenue	<u>2,190,498</u>	<u>2,211,648</u>	<u>(1)</u>
Profit/(Loss) from operations	<u>65,015</u>	<u>(9,473)</u>	<u>N/A</u>
Loss before tax	<u>(118,331)</u>	<u>(935)</u>	<u>12,556</u>

For the current quarter under review, the Group recorded a revenue of RM2.19 billion and incurred a pre-tax loss of RM118.33 million as compared to a revenue of RM2.21 billion and pre-tax loss of RM0.9 million reported in the preceding quarter.

Commentary on revenue

The Group recorded comparable revenue in the current quarter as compared to the preceding quarter, with lower contributions from the hospitality and services segments being offset by higher contributions from the retail and property segments.

Retail

The retail segment reported higher revenue in the current quarter, mainly attributed to improved performance from the non-food retail business, partially offset by lower revenue from the food retail business.

The non-food retail business reported an increase in revenue from HR Owen, mainly due to higher sales volume in the new car sector, although this was partially offset by lower sales from the used car sector. The improved performance attained was driven by the seasonal nature of the business and the UK number plate change month in March. With the unfavourable foreign exchange effect, the revenue increment was lower when translated into Ringgit Malaysia.

The food retail business recorded lower revenue in the current quarter, mainly due to the shorter month of February as well as the Muslim fasting month. In addition, the second quarter is traditionally the food retail business' strongest quarter, supported by the year-end festive season and school holidays.

Property

The property segment reported higher revenue for the current quarter, mainly due to higher progress billings from its projects at Pangsapuri Azalea, Subang Heights, as well as increased revenue generated from its construction activities. This was partially offset by lower sales of residence units from a local project in the current quarter under review.

Hospitality

The lower revenue recorded by the hospitality segment was mainly due to lower overall occupancy rate and lower overall average room rates due to lower demand post-year end festive season during the current quarter under review.

Services

The services segment reported lower revenue from STM Lottery compared to the preceding quarter, mainly due to lower draw sales arising from fewer draws conducted (41 draws versus 42 draws), coupled with lower accumulated jackpot prizes in the current quarter when compared to the preceding quarter.

This decline was partially mitigated by increase revenue contributions from the digital technology solutions business in the current quarter.

UNAUDITED INTERIM FINANCIAL REPORT FOR THE PERIOD ENDED 31 MARCH 2026

ADDITIONAL INFORMATION REQUIRED BY THE BURSA SECURITIES LR

Commentary on results

The Group reported profit from operations in the current quarter, as compared to a loss from operations in the preceding quarter, with improved performance recorded across all business segments. The preceding quarter was, however, impacted by unfavourable foreign exchange translation effects arising from the strengthening of Ringgit Malaysia.

Notwithstanding the above, the Group recorded a higher pre-tax loss in the current quarter, mainly due to higher net investment expenses as disclosed in Note A3. The higher net investment expenses comprised of impairment on investments in associated companies following a decline in market prices as at quarter end, as well as losses on deemed disposal of subsidiary companies, arising mainly from the recycling of cumulative foreign currency translation losses to profit or loss upon deregistration of the respective foreign subsidiary companies.

Retail

The improved performance of H.R. Owen in the non-food retail business and the weaker performance of the food retail business were in tandem with their respective revenue contributions.

Property

The property segment recorded higher pre-tax profit in the current quarter, mainly driven by higher revenue achieved in the current quarter.

Hospitality

The hospitality segment recorded weaker performance, mainly due to lower revenue as demand normalised following the year-end festive season during the current quarter under review.

Services

The services segment recorded a marginal improvement, mainly attributed to better results from the gaming business operations and digital technology solutions business.

B3 Future prospects

Malaysia's economic growth is expected to be driven by strong domestic demand and the moderation of average inflation rate despite the uncertainties arising from ongoing geo-political tensions and conflicts, as well as the inflationary tariffs being imposed by the USA government. The Group will monitor the prevailing global and local political development in the countries where the Group has business operations.

The performance of the domestic business segments of the Group is expected to improve on the back of strong consumer spending and improvement in tourism activities. As for the NFO business, it is expected to continue to deliver growth in line with the popularity of its Jackpot and Digit games and continues its lead in terms of market share in the legalised NFO business sector.

Notwithstanding the aforesaid and barring any unforeseen circumstances, the Directors are cautiously optimistic that the performance of the business operations of the Group for the remaining quarter of the financial year ending 30 June 2026 to be satisfactory.

(a) Note 41.2.1 regarding the STC Proposals Proceedings (continued)

The hearing of the Selangor State Government's motion to adduce further evidence in the matter was dismissed by the Court of Appeal on 24 October 2019. The Appellants subsequently filed a motion for leave to appeal to the Federal Court against the decision of the Court of Appeal in dismissing the Appellants' motion to adduce further evidence (the "FC Leave Motion"). The Federal Court has fixed the hearing of the Appellants' application for leave to appeal on 13 April 2020.

The Appellants have also filed a stay application to stay the hearing of the Main Appeal pending disposal of the FC Leave Motion. This stay application is fixed for hearing on the same day as the hearing of the Main Appeal, that is on 27 March 2020. In the event that the stay is refused by the Court of Appeal, the hearing of the Main Appeal will proceed.

Due to the Movement Control Order (MCO) coming into effect on 18 March 2020, the hearings of the FC Leave Motion and the application for stay as well as the Main Appeal were postponed to 6 July 2020 and 2 July 2020 respectively. A case management date for the Main Appeal was also fixed for 9 July 2020 by the Court of Appeal.

Subsequently, the State Government had withdrawn both FC Leave Motion and the stay application at the Court of Appeal on 19 June 2020 and 2 July 2020 respectively. The hearing of the Main Appeal by the Court of Appeal was initially fixed on 14 December 2020. However, the Court of Appeal had postponed the hearing date of the Main Appeal to 29 June 2021. The implementation of FMCO beginning 1 June 2021 further postponed the hearing date to 27 September 2021. On 27 September 2021, the Court of Appeal postponed the hearing date to 3 November 2021.

The Main Appeal was heard by the Court of Appeal on 3 November 2021. The Court of Appeal allowed the appeal of the Appellants and set aside the decision of the Shah Alam High Court rendered on 9 November 2017.

The Applicants do not agree with the decision of the Court of Appeal and filed a motion for leave to appeal to the Federal Court to set aside the decision of the Court of Appeal and restore the decision of the Shah Alam High Court of 9 November 2017 ("Motion for Leave").

With respect to the Assessment Proceedings and Extension of Time Application, the Shah Alam High Court had fixed a further case management date on 25 November 2021 for the Applicants to update the Shah Alam High Court as to their next course of action following the Court of Appeal's decision of 3 November 2021.

The case management date at the Shah Alam High Court was subsequently rescheduled to 8 December 2021 at which the Shah Alam High Court directed that in light of the Court of Appeal's decision, there were no further proceedings on both the Assessment Proceedings and the Extension of Time Application at the Shah Alam High Court. Hence, there was no basis for the applications to be kept in abeyance at the Shah Alam High Court. The Court then struck out both the Assessment Proceedings and the Extension of Time Application with no order as to costs.

The initial hearing date to hear the Motion for Leave at the Federal Court fixed on 2 August 2022 was postponed to a later date to be fixed by the Federal Court. At the case management on 3 October 2022, the Federal Court has fixed 12 January 2023 to hear the Motion for Leave. On 12 January 2023, the Federal Court postponed the hearing to 12 April 2023.

(a) Note 41.2.1 regarding the STC Proposals Proceedings (continued)

At the hearing on 12 April 2023, the Federal Court has granted the Applicants leave for appeal at the Federal Court. The e-hearing date to hear the Applicants' appeal before the Federal Court ("Federal Court Appeal") has been fixed on 30 October 2023.

On 30 October 2023, at the hearing of the Applicants leave for appeal at the Federal Court, the Federal Court decided the appeal in favour of the Company, BTTB and BCity (collectively referred to as the "FC Appellants").

In a unanimous decision, the Federal Court allowed the FC Appellants' appeal against Selangor State Government and Pengarah Jabatan Perancangan Bandar Dan Desa Negeri Selangor (collectively referred to as the "FC Respondents") with costs of RM80,000 and set aside the Court of Appeal order dated 3 November 2021 and reinstated certain orders made by the Shah Alam High Court in its decision of 9 November 2017, including the following:

- 1) an order of mandamus directing the FC Respondents to re-table before the National Physical Planning Council, within 3 months after the receipt of the proposal papers from the FC Appellants to relocate and construct the new Turf Club;
- 2) the FC Respondents to pay the FC Appellants compensation for any loss suffered by the FC Appellants in consequence of the FC Respondents' failure to perform their public duty from 2008 until the date of assessment;
- 3) an inquiry into such compensation as aforesaid to be conducted by the High Court Judge in Chambers;
- 4) the FC Appellants within 1 month of the date of the Federal Court's order to apply for the High Court's directions as to the assessment of such compensation; and
- 5) the costs of RM80,000 payable by the FC Respondents to the FC Appellants be reserved until after the hearing and determination of the quantum of compensation.

As such, BCity Project Legal Proceedings is deemed concluded, save for the assessment of compensation by the High Court to be awarded to the FC Appellants as mentioned above.

A compensation amount ("Compensation Sum") has been submitted to the High Court Judge for deliberation to which the FC Respondents had since disagreed on the Compensation Sum. Consequently, the FC Appellants filed a response on 10 August 2024 to assert the Compensation Sum to be similar as the amount submitted by the FC Appellants before. A trial was held on 20 to 21 January 2025 for cross-examination. Subsequently, the High Court Judge has set a case management date on 23 April 2025. On 23 April 2025, the High Court Judge has fixed 5 June 2025 to deliver the judgment on the Compensation Sum.

On 5 June 2025, the High Court Judge dismissed several heads of claim and awarded the FC Appellants a total compensation sum of RM38.33 million.

The FC Appellants being dissatisfied with the decision of the High Court in dismissing certain heads of claim of the FC Appellants has on 19 June 2025, filed a notice of appeal against the High Court decision at the Court of Appeal ("FC Appellants Appeal"). The FC Respondents have also earlier on 18 June 2025, filed an appeal at the Court of Appeal against the High Court decision in awarding the FC Appellants the abovementioned compensation sum ("FC Respondents Appeal").

At the first case management held on 17 September 2025, the Court of Appeal was informed that the Records of Appeal for both matters have been duly filed and served. However, the notes of proceedings from the High Court hearing have not yet been provided by the High Court. The Court of Appeal has therefore fixed the next case management on 18 November 2025 to obtain the notes of proceedings. On 18 November 2025, the Court of Appeal has fixed the next hearing for both FC Appellants Appeal and FC Respondents Appeal on 12 November 2026.

A compliance case management has been fixed on 30 October 2026 to ensure the filing of the written submissions, bundles and all required documents within the stipulated timelines.

The FC Respondents have also filed an application for stay of execution in the Shah Alam High Court to stay the Shah Alam High Court decision pending the disposal of both appeals at the Court of Appeal. The case management was fixed on 24 November 2025 wherein the Court has now fixed the hearing date at the Shah Alam High Court on 7 January 2026. The hearing date for the application for stay of execution was subsequently postponed to 17 April 2026.

At the hearing held on 17 April 2026, the Shah Alam High Court dismissed the FC Respondents' stay of execution application. As such, the FC Respondents shall pay the compensation sum of RM38.33 million to the FC Appellants despite the ongoing FC Appellants Appeal at the Court of Appeal which has been fixed on 12 November 2026.

(b) Note 41.2.2 regarding the GMOC Project Arbitration Proceedings

On 16 December 2015, BProperty announced that Berjaya (China) Great Mall Co. Ltd ("GMOC"), a 51%-owned subsidiary of Berjaya Leisure (Cayman) Limited, which in turn is a wholly-owned subsidiary of BProperty had entered into a Construction Project Transfer Agreement ("Contract") with Beijing SkyOcean International Holdings Limited ("Beijing SkyOcean"), for the proposed disposal of the Berjaya (China) Great Mall Recreation Centre which is under construction and located in Sanhe City, Hebei Province, the People's Republic of China ("Great Mall Project"), for a cash consideration of RMB2.08 billion (or about RM1.39 billion) ("Proposed Disposal").

Beijing SkyOcean had paid:

- (i) RMB50.0 million (or about RM33.4 million) to GMOC on the signing of the Contract; and
- (ii) RMB1.015 billion (or about RM677.92 million) paid into an escrow bank account ("1st Instalment"). This amount shall be released to GMOC within 5 working days after all condition precedents ("CP") have been fulfilled.

Subsequently, on 28 April 2017, BProperty announced that following the completion of the Proposed Disposal, GMOC had entered into a supplementary agreement with Beijing SkyOcean to adjust the total cash consideration pursuant to the Proposed Disposal from RMB2.08 billion to RMB2.039 billion, and accordingly revised the Final Instalment to RMB974.07 million as a result of part of the land being regained by Sanhe Land and Resource Bureau, reimbursement of theme park equipment and shared expenses relating to certain electrical works.

SkyOcean Holdings Group Limited which holds 100% stake in Beijing SkyOcean, and its major shareholder, Mr. Zhou Zheng ("the Guarantors") shall guarantee the performance of the obligations by Beijing SkyOcean pursuant to the Contract.

On 8 December 2017, BProperty announced Beijing SkyOcean had not remitted the Final Instalment to GMOC by the appointed time. On 18 December 2020, Beijing Fourth Intermediate People's Court ordered the recognition and enforcement of GMOC's Final Award under the Supplemental Arrangement Concerning Mutual Enforcement of Arbitral Awards between the Mainland and the Hong Kong Special Administrative Region ("HKSAR"), which was entered between the Chinese Supreme People's Court and HKSAR.

On 2 June 2021, the Hong Kong Court ordered a bankruptcy order against Zhou Zheng. Subsequently, GMOC appointed Grant Thornton Recovery & Reorganisation Limited as joint and several trustees of the property of Zhou Zheng, to investigate and recover the Final Award. The bankruptcy trustee concluded that all of Zhou Zheng's identified assets in Hong Kong were either mortgaged or pledged to banks, and were subsequently auctioned off by the banks. No other valid assets had been found. Additionally, GMOC was advised that, under Hong Kong law, Zhou Zheng's bankruptcy was discharged on 2 June 2025 due to the expiration of its term. This discharge does not affect GMOC's recovery efforts in other jurisdictions, including the People's Republic of China.

The courts in the People's Republic of China and Hong Kong have ordered that various assets of Beijing SkyOcean and its Guarantors to be frozen and will be appraised for auction to eventually recover the Final Award.

In the financial year 2024, GMOC has partially recovered an amount of RM17.50 million following the disposal of a frozen property.

The abovementioned enforcement proceedings are still ongoing.

On 13 January 2026, the Company announced AMSB has commenced creditors' voluntary winding up pursuant to Section 449 of the Companies Act, 2016. AMSB ceased to be a subsidiary of the Company upon the appointment of the liquidators to undertake the Creditors' Voluntary Winding Up.

On 10 February 2026, the IRB has filed a writ action at the High Court to demand the payment of the disputed taxes of RM66.44 million. At the case management held on 4 May 2026, the legal counsel of the IRB informed the High Court that AMSB has been wound up by creditors' voluntary winding up as confirmed by the records of both the Suruhanjaya Syarikat Malaysia and the Department of Insolvency Malaysia. Hence, the IRB requested to withdraw the writ action with the liberty to file afresh without order as to costs. The High Court took note and instructed that the writ action is dismissed with liberty to file afresh and without making an order as to costs.

(d) Berjaya Group Berhad IRB Tax Dispute

On 30 July 2025, the IRB issued Notices of Additional Assessment for Years of Assessment 2018 to 2023, amounting to RM428 million (inclusive of penalties and surcharges). BGB ("the Applicant") subsequently appealed to IRB on 21 August 2025 against the additional assessment and initiated a judicial review application to High Court for a stay of enforcement. At the hearing held on 28 August 2025, the Applicant successfully obtained an interim stay order which was effective until 29 September 2025. However, the hearing which was originally scheduled for 29 September 2025 was later adjourned to 3 November 2025, with the interim stay extended to the same date. On the 3 November 2025 hearing, the Attorney General's Chambers ("AGC") informed the High Court that they wished to file an objection on leave. The High Court subsequently fixed the next hearing on 9 January 2026, which was later postponed to 27 April 2026, with the interim stay further extended until disposal of the inter partes stay hearing.

On 27 April 2026, the Applicant filed further documents. The IRB informed the High Court that the AGC would stand by its submissions and rely on its arguments pertaining to the issue of domestic remedies. The High Court subsequently fixed the decision date on 25 May 2026 and granted an ad interim stay until that date. On 25 May 2026, the High Court granted leave for judicial review. The ad interim stay was further extended pending the inter-partes hearing of the stay application, scheduled for 16 June 2026.
