B1 The Group's core business is in the number forecast operation ("NFO") which includes toto betting and other related ancillary businesses. The Group also has strategic investments in auto retailing and provision of aftersales services and hospitality sector. The key factors (other than general economic conditions) affecting the performance of the operations of the core business in the Group are disposable income of the general public, Jackpot cycles, luck factor, illegal gaming operations and the number of draws in the current period whilst auto retailing business is affected by the trend in prestige and specialist cars predominantly in the London area of the United Kingdom ("UK") and the ultimate impact of Brexit. The Covid-19 pandemic has impacted the Group's performance in the preceding quarter as well as the current quarter ended 30 September 2020 as the Covid-19 pandemic continues to evolve and this affects the economic recovery of the countries where the Group has business operations.

The summary results of the Group are as follows:

7	3-M	3-Month

Review of Results for the Current Quarter Vs Same Quarter of Preceding Year

As compared to the previous year corresponding quarter ended 30 September 2019, the Group registered a drop in revenue of 6.3% mainly due to lower revenue attained by Sports Toto Malaysia Sdn Bhd ("Sports Toto") but this was partly mitigated by the higher revenue reported by H.R. Owen Plc ("H.R. Owen") as explained in the ensuing paragraphs. In spite of higher pre-tax profit contribution from Sports Toto and H.R. Owen in the current quarter under review, the Group posted lower pre-tax profit by 1.4% as compared to the previous year corresponding quarter. This was mainly due to exceptional gains from disposal of an investment property and disposal of a former subsidiary company recognised in the previous year corresponding quarter coupled with higher share of losses in the Group's associated companies in the current quarter. The Group would have registered an increase in pre-tax profit of 9.9% had the exceptional gains be excluded.

Sports Toto, the principal subsidiary, registered a drop in revenue of 18.2% in the current quarter under review mainly due to slower than expected economic recovery and weaker consumer sentiment since the resumption of operations after the lockdown. In spite of the drop in revenue, its pre-tax profit increased by 1.4% mainly attributed to lower prize payout and lower operating expenses incurred in the current quarter under review.

UNAUDITED (Q1) INTERIM FINANCIAL REPORT FOR THE PERIOD ENDED 30 SEPTEMBER 2020 ADDITIONAL INFORMATION REQUIRED BY THE MAIN MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD

B1 H.R. Owen registered revenue growth of 10.8% to RM667.2 million from RM602.4 million as reported in the previous year corresponding quarter. Its revenue growth attained was attributed to higher sales generated from the new car sector mainly because of backlog fulfilment after the earlier Covid-19 pandemic lockdown ended on 31 May 2020 in the UK. The increase in revenue was also attributed to the favourable foreign exchange effect in conversion into Ringgit Malaysia (the reporting currency of the Berjaya Sports Toto Berhad's Group) in the current quarter under review.

Its pre-tax profit increased to RM18.4 million from RM4.3 million (excluding an RM8.6 million exceptional gain from disposal of investment property) as reported in the previous year corresponding quarter. The improved pre-tax profit was mainly attributed to lower operating expenses incurred as a result of certain austerity measures undertaken by the company as well as certain governmental reliefs obtained arising from the lockdown order imposed by the UK Government.

B3 Future Prospects

The Group's main subsidiary companies were able to resume to full operations during the current quarter under review amidst the "new normal" environment with the necessary health and safety measures in place. However, the Covid-19 pandemic continues to evolve globally and it may be challenging to ascertain the full extent and duration of its impact to the Group's main businesses. Nevertheless, management will continue to monitor the development of the Covid-19 pandemic and its impact to the Group's operations and financial performance.

The economy is expected to recover at a slower pace as the business environment and consumer sentiment have been significantly impacted by various lockdown measures undertaken by countries where the subsidiary companies operate. At this juncture, a few countries have reintroduced various degree of lockdown and restrictive measures including Malaysia which is facing the third wave of the Covid-19 outbreak and this would post further challenges to the business operations. In spite of that, the Directors are cautiously optimistic that the Group's businesses will gradually recover with the fairly resilient nature of the NFO business as noted in the past economic crises and turbulent periods. The Directors are also confident that it will continue to maintain its market share in the NFO business for the remaining quarters for the financial year ending 30 June 2021.

B4 There was no profit forecast or profit guarantee given by the Group for the financial year under review.
