B1 The Group's core business is in the number forecast operation ("NFO") which includes toto betting and other related ancillary businesses. The Group also has strategic investments in auto retailing and provision of aftersales services and hospitality sector. The key factors (other than general economic conditions) affecting the performance of the operations of the core business in the Group are disposable income of the general public, Jackpot cycles, luck factor, illegal gaming operations and the number of draws in the current period whilst auto retailing business is affected by the automotive trend as well as supply chain in prestige and specialist cars in the United Kingdom ("UK").

Review of Results for the Current Quarter Vs Same Quarter of Previous Year

The summary results of the Group are as follows:

| | 3-Month | | |
|------------------------|------------------------------------|------------------------------------|------------|
| | 1-7-2023 to 30-9-2023 RM'000 | 1-7-2022 to 30-9-2022 RM'000 | +/<-> % |
| Revenue | 1,594,877 | 1,419,102 | 12.4 |
| Profit from operations | 102,938 | 109,324 | (5.8) |
| Profit before tax | 89,804 | 106,195 | (15.4) |

The Group reported an increase in revenue of 12.4% whilst its pre-tax profit dropped by 15.4% as compared to the previous year corresponding quarter. This was mainly due to results reported by STM Lottery Sdn Bhd ("STM Lottery") and H.R. Owen Plc ("H.R. Owen") as explained in the ensuing paragraphs.

For the current quarter ended 30 September 2023, STM Lottery reported a revenue growth of 7.2% despite lesser number of draws conducted in the current quarter (42 draws versus 46 draws in last year corresponding quarter). The higher revenue achieved was driven by improvement in average sales per draw as well as higher accumulated jackpot prizes in both digit jackpot and lotto games. However, it reported a drop in pre-tax profit of 4.2% mainly due to higher prize payout in the current quarter under review.

As compared to the previous year corresponding quarter, H.R. Owen's revenue increased by 17.1% mainly attributed to improved new car sales contribution from its new multi-purpose showrooms, service centres and headquarter at Hatfield, as well as the favourable foreign exchange effect during the current quarter under review. Its pre-tax profit dropped to RM0.4 million as compared to RM11.7 million in the last year same quarter, mainly due to higher operating expenses incurred coupled with higher finance costs arising from interest rate hike and higher stocking loans compared to the previous year corresponding quarter.

B2 Review of Current 1st Quarter Results Vs Preceding Quarter Results

| | 3-month | | |
|------------------------|------------------------------------|---------------------------------|------------|
| | 1-7-2023 to 30-9-2023 RM'000 | 1-4-2023 30-6-2023 RM'000 | +/<-> % |
| Revenue | 1,594,877 | 1,617,181 | (1.4) |
| Profit from operations | 102,938 | 106,701 | (3.5) |
| Profit before tax | 89,804 | 95,019 | (5.5) |

The Group registered a drop in revenue and pre-tax profit of 1.4% and 5.5% respectively as compared to the preceding quarter. This was mainly due to lower performance reported by H.R. Owen but partially mitigated by improved results recorded by STM Lottery as explained in the ensuing paragraphs.

STM Lottery achieved a revenue growth of 16.0% in the current quarter as compared to the preceding quarter. The strong sales growth in the current quarter was driven by higher average sales per draw coupled with two (2) additional draws (42 draws versus 40 draws in the preceding quarter). The higher sales achievement escalated the accumulated jackpot prizes in both digit jackpot and lotto games leading to continuous sales improvement. Its pre-tax profit increased by 38.5%, in line with the revenue growth and also benefitted from the lower prize payout in the current quarter under review.

H.R. Owen's revenue decreased by 11.4% to RM810.7 million in the current quarter from RM914.5 million as reported in the preceding quarter. This was mainly due to lower number units of car sold from both new and used car sectors as well as delay in supply of certain car models from manufacturers. H.R. Owen reported a drop in pre-tax profit of 98.3% in the current quarter. This was mainly due to lower revenue reported in the current quarter and the preceding quarter also benefitted from higher profit resulted from reversal of restoration costs overprovision following termination of certain leases and one-off manufacturer support income received.

B3 Future Prospects

The management is cautiously optimistic that the NFO business in Malaysia will continue its upward trajectory of per draw sales growth driven by favourable consumer spending and overall moderate expansion of the economy. We recognise the concerns on the local political developments in the northern states of Peninsular Malaysia with closures of outlets in the state of Kedah and Perlis which could lead to the proliferation of illegal NFOs activities in the underserved areas. The management is continuing to take the necessary steps to address this issue.

The Directors anticipate that the Group's businesses will remain encouraging and steadfast amid the resilient nature of the NFO business well noted in the past economic crises and turbulent periods. The management will strive to develop sustainable business models to meet the Group's economic environmental and sustainable goals. Barring any unforeseen circumstances, the Directors are confident that it will continue to lead in terms of market share in the NFO business for the financial year ending 30 June 2024.

B4 There was no profit forecast or profit guarantee given by the Group for the financial year under review.

B5 Taxation

| - Foreign country income tax | 1,813 |

The disproportionate tax charge of the Group for the current quarter ended 30 September 2023 was mainly due to certain expenses being disallowed for taxation purposes and profits in certain subsidiary companies are separately assessed for tax and not relieved by losses in other companies within the Group.
