B1 The Group's core business is in the number forecast operation ("NFO") which includes toto betting and other related ancillary businesses. The Group also has strategic investments in auto retailing and provision of aftersales services and hospitality sector. The key factors (other than general economic conditions) affecting the performance of the operations of the core business in the Group are disposable income of the general public, Jackpot cycles, luck factor, illegal gaming operations and the number of draws in the current period whilst auto retailing business is affected by the trend in prestige and specialist cars predominantly in the London area of the United Kingdom ("UK"). The business operation of the Group's principal subsidiary company namely STM Lottery Sdn Bhd (formerly known as Sports Toto Malaysia Sdn Bhd) ("STM Lottery") was adversely impacted by the imposition of total lockdown and subsequently the National Recovery Plan in phases by the Malaysian Government in combating Covid-19 pandemic during the current financial period ended 31 December 2021.

For the current quarter ended 31 December 2021, the Group reported a marginal increase in revenue of 0.9% whilst its pre-tax profit dropped by 16.4%. The Group's marginal growth in revenue was attributed to higher revenue reported by H.R. Owen Plc ("H.R. Owen"), but offset by the drop of revenue in STM Lottery. The drop in pre-tax profit was mainly due to STM Lottery recorded lower pre-tax profit, but the drop was mitigated by higher pre-tax profit contributed by H.R. Owen and share of profits in Group's associated companies in the current quarter as opposed to share of losses in the previous year corresponding quarter.

STM Lottery, the principal subsidiary, registered a decrease in revenue of 13.3% and pre-tax profit of 26.4% as compared to the previous year corresponding quarter. The decrease in revenue was mainly due to softer recovery after it resumed business operations on 14 September 2021 after the nationwide lockdown / National Recovery Plan that was implemented from 1 June to 13 September 2021. The sales volume was subdued by stricter Standard Operating Procedures (SOPs) implemented at the outlets despite higher number of draws conducted in the current quarter under review. The decrease in pre-tax profit was in line with the lower revenue and also compounded with higher prize payout in this current quarter under review.

H.R. Owen registered revenue growth of 18.1% in the current quarter to RM639.5 million from RM541.4 million reported in the previous year corresponding quarter, whilst its pre-tax profit increased by 38.2% to RM15.5 million in the current quarter as compared to RM11.2 million reported in the previous year corresponding quarter. The improved results attained in the current quarter was mainly attributed to the higher sales and better profit margin generated from used car sector, resulted from positive market tailwinds due to continued supply shortage. Its improvement in the financial results was also attributed to the favourable foreign exchange effect of converting Pound Sterling into Ringgit Malaysia in the current quarter under review.

B1 For the 6-month Period ended 31 December 2021

The summary results of the Group are as follows:

5 1	6-M	Ionth	
	1-7-2021 to 31-12-2021 RM'000	1-7-2020 to 31-12-2020 RM'000	+/<-> %0
Revenue	2,042,944	2,579,804	(20.8)
Profit from operations	85,118	227,417	(62.6)
Profit before tax	67,389	196,859	(65.8)

For the current 6-month period ended 31 December 2021, the Group reported a drop in revenue and pre-tax profit of 20.8% and 65.8% respectively as compared to the previous year corresponding period ended 31 December 2020. This was mainly due to lower results reported by STM Lottery but partly mitigated by improved results contributed by H.R. Owen.

As compared to the previous year corresponding period, STM Lottery's revenue and pre-tax profit decreased by 50.3% and 76.5% respectively. The substantial drop in revenue was mainly due to the imposition of lockdown by the Malaysian Government from 1 June 2021 to 13 September 2021 with cancellation of thirty seven (37) draws during the current period. It's lower pre-tax profit reported was in line with the lower revenue reported coupled with higher prize payout in the current period under review.

H.R. Owen generated revenue of RM1.35 billion, representing an increase of 11.4% from RM1.21 billion as reported in the previous year corresponding period, whilst it reported an increase in pre-tax profit of 39.1% to RM41.1 million as compared to RM29.5 million in the previous year corresponding period. The improved performance was mainly due to higher sales and better profit margin generated from used car sector resulted from the implementation of marketing strategy and resources invested to capitalise resultant opportunities from continued supply shortage in the used car market. The higher results was also attributable to the favourable foreign exchange effect of converting Pound Sterling into Ringgit Malaysia in the current period under review.

B2 Review of 2nd Quarter's Results Vs 1st Quarter Results of financial year ending 30 June 2022

	3-m	onth	
	1-10-2021 to 31-12-2021 RM'000	1-7-2021 to 30-9-2021 RM'000	+/<-> %
Revenue	1,245,371	797,573	56.1
Profit/(loss) from operations	87,275	(2,157)	N/A
Profit/(loss) before tax	79,793	(12,404)	N/A

The Group's revenue increased by 56.1% in the current quarter as compared to the preceding quarter, whilst it reported a pre-tax profit of RM79.8 million in the current quarter as opposed to pre-tax loss of RM12.4 million reported in the preceding quarter. The improved results was mainly due to higher revenue and pre-tax profit attained by STM Lottery in the current quarter under review as explained in the ensuing paragraph.

STM Lottery conducted 45 draws in the current quarter under review with full business resumption as compared to 8 draws in the preceding quarter, leading to a revenue increase of 694.2%. It reported a pre-tax profit in the current quarter under review as opposed to a loss before tax incurred in the preceding quarter. The significant profit improvement was in line with revenue contribution from more draws conducted in the current quarter.

H.R. Owen reported a drop in revenue of 9.6% to RM639.5 million from RM707.1 million as reported in the preceding quarter, while pre-tax profit decreased by 39.7% to RM15.5 million from RM25.6 million as reported in the preceding quarter. The decrease in results reported was mainly due to lower sales from the new and used car sectors in the current quarter, being negatively impacted by certain restrictions implemented by the UK government due to the rising Covid-19 cases as well as concerns about the new Omicron variant towards end of the current quarter ended 31 December 2021.

B3 Future Prospects

The Malaysian Government has implemented the National Recovery Plan in stages together with commencement of vaccination and booster vaccination for children and adult populations respectively. With the further easing of restrictions by the respective governments of countries where the Group's subsidiary companies have businesses, the business environment is expected to recover gradually although faces risk from the spread of the Covid-19 Omicron variant. The management will remain vigilant and continue to monitor the development of the Covid-19 situation and its impact to the Group's operations and financial results as the world's population is adapting in the new norm of living towards the endemic stage going forward.

The Directors are cautiously optimistic that the Group's businesses will gradually recover with the resilient nature of the NFO business as noted in the past economic crises and turbulent periods. Barring any unforeseen circumstances, the Directors are confident that it will continue its lead in terms of market share in the NFO business for the financial year ending 30 June 2022 in line with the recovery of the NFO industry when the overall economy improves.

B4 There was no profit forecast or profit guarantee given by the Group for the financial period under review.
