B1 The Group's core business is in the number forecast operation ("NFO") which includes toto betting and other related ancillary businesses. The Group also has strategic investments in auto retailing and provision of aftersales services and hospitality sector. The key factors (other than general economic conditions) affecting the performance of the operations of the core business in the Group are disposable income of the general public, Jackpot cycles, luck factor, illegal gaming operations and the number of draws in the current period whilst auto retailing business is affected by the trend as well as supply chain in prestige and specialist cars in United Kingdom ("UK"). Despite the substantial improved results of the Group's principal subsidiary company namely STM Lottery Sdn Bhd (formerly known as Sports Toto Malaysia Sdn Bhd) ("STM Lottery") in the current third quarter ended 31 March 2022, the imposition of the earlier total lockdown and subsequently the National Recovery Plan in phases by the Malaysian Government in combating Covid-19 pandemic has impacted the overall results for the current 9-month financial period ended 31 March 2022.

Review of Results for the Current Quarter Vs Same Quarter of Preceding Year

the summary results of the Group are as follows		3-Month	
	1-1-2022 to 31-3-2022 RM'000	1-1-2021 to 31-3-2021 RM'000	+/<-> %
Revenue	1,728,430	1,122,346	54.0
Profit from operations	132,154	45,661	189.4
Profit before tax	122,394	35,416	245.6

The summary results of the Group are as follows:

For the current quarter ended 31 March 2022, the Group reported an increase in revenue and pre-tax profit by 54.0% and 245.6% respectively. The Group's growth in revenue and pre-tax profit was primarily attributed to higher results reported by STM Lottery, as well as from H.R. Owen Plc ("H.R. Owen").

In spite of having lower number of draws in the current quarter under review, STM Lottery, the principal subsidiary, registered revenue growth of 70.3% and its pre-tax profit soared 262.0% as compared to the previous year corresponding quarter. The increase in revenue was mainly due to better sales from lotto games resulted from higher accumulated jackpot prizes coupled with stronger sales during the festive period in the month of February 2022. Furthermore, the previous year corresponding quarter was also impacted by the Second Movement Control Order ("MCO 2.0"), implemented by the Malaysian Government from 13 January 2021 to 18 February 2021, in all states in Malaysia whereby all outlets were closed except for those in Sarawak. The significant increase in pre-tax profit in this current quarter under review was in line with the higher revenue achieved coupled with lower prize payout.

H.R. Owen recorded revenue growth of 41.6% in the current quarter to RM895.1 million from RM632.1 million reported in the previous year corresponding quarter, whilst its pre-tax profit increased by 64.3% to RM36.3 million in the current quarter as compared to RM22.1 million in the previous year corresponding quarter. With the business in full operation, the improved results attained was contributed by the higher sales from both new and used car sectors in the current quarter. The company's operations in the previous year corresponding quarter was negatively impacted by the UK third national lockdown from 5 January 2021 to 12 April 2021.

B1 For the 9-month Period ended 31 March 2022

The summary results of the Group are as follows:

	9-Month		
	1-7-2021 to	1-7-2020 to	
	31-3-2022	31-3-2021	+/<->
	RM'000	RM'000	%
Revenue	3,771,374	3,702,150	1.9
Profit from operations	217,272	273,078	(20.4)
Profit before tax	189,783	232,275	(18.3)

. . .

As compared to the previous year corresponding period, the Group reported an increase in revenue of 1.9%, The slight increase in revenue was mainly attributed to higher sales registered by H.R. Owen but offset by lower sales reported by STM Lottery. The 18.3% drop in pre-tax profit was mainly resulted from lower results reported by STM Lottery, but mitigated by improved results generated by H.R. Owen. The Group's share of profits in the associated companies in the current financial period, as opposed to share of losses in the previous year corresponding period, has also mitigated the effect of the drop in the Group's pre-tax profit.

For the current 9-month period under review, STM Lottery's revenue decreased by 18.5% with the cancellation of 37 draws. The lower revenue attained was mainly due to the nationwide lockdown / National Recovery Plan implemented by the Malaysian Government from 1 June 2021 to 13 September 2021, where STM Lottery only conducted ninety six (96) draws in the current period under review, as compared to one hundred and twenty nine (129) draws in the previous year corresponding period. The drop in pre-tax profit of 35.6% was in line with the lower revenue recorded as well as higher prize payout in the current period under review.

H.R. Owen marked a revenue growth of 21.8% to RM2.24 billion from RM1.84 billion in the previous year corresponding period. It's pre-tax profit was higher by 49.9% to RM77.4 million as compared to RM51.6 million in the previous year corresponding period. The strong demand in used car resulted from the continued supply chain discruptions in the new car sector had primarily contributed to the improved performance during the current period under review.

B2 Review of 3rd Quarter's Results Vs 2nd Quarter Results of financial year ending 30 June 2022

	3-month		
	1-1-2022 to 31-3-2022 RM'000	1-10-2021 to 31-12-2021 RM'000	+/<-> %
Revenue	1,728,430	1,245,371	38.8
Profit from operations	132,154	87,275	51.4
Profit before tax	122,394	79,793	53.4

The Group's revenue and pre-tax profit increased by 38.8% and 53.4% respectively in the current quarter as compared to the preceding quarter. The improved results was contributed by higher revenue and pre-tax profit reported by STM Lottery and H.R. Owen in the current quarter under review as explained in the ensuing paragraphs.

As compared to the preceding quarter, STM Lottery reported higher revenue and pre-tax profit by 38.2% and 31.2% respectively. In spite of having lower number of draws in the current quarter, the higher revenue reported was mainly driven by higher accumulated jackpot prizes and stronger sales during the festive period in the month of February 2022. The increase in pre-tax profit was attributable to the higher revenue achieved in the current quarter under review.

H.R. Owen reported an increase in revenue of 40.0% to RM895.1 million from RM639.5 million as reported in the preceding quarter, while pre-tax profit increased by 134.6% to RM36.3 million from RM15.5 million as reported in the preceding quarter. The improved results was mainly due to higher sales from both new car and used car sectors in the current quarter under review, while the preceding quarter performance was dampened by certain restrictions implemented by the UK Government due to concerns with rising Covid-19 cases caused by the new Omicron variant.

B3 Future Prospects

As Malaysia transitions towards Covid-19 endemicity stage on 1 April 2022 alongside with the reopening of its international borders and further relaxation of Covid-19 Standard Operating Procedures from 1 May 2022, the pace of the overall economic growth is expected to accelerate. However, the Russia-Ukraine war and certain supply chain disruptions following China's strict Covid-19 policy may continue to impact the global and domestic economics. The management will remain vigilant and continue to monitor the development of domestic and global economic issues and its resultant impact to the Group's operations as the world's population adapts to endemicity.

The Directors are cautiously optimistic that the Group's businesses will gradually recover with the resilient nature of the NFO business as noted in the past economic crises and turbulent periods. Barring any unforeseen circumstances, the Directors are confident that it will continue its lead in terms of market share in the NFO business for the financial year ending 30 June 2022 in line with the recovery of the NFO industry when the overall economy improves.

- B4 There was no profit forecast or profit guarantee given by the Group for the financial period under review.
- B5 Taxation

The disproportionate tax charge of the Group for the current quarter and period ended 31 March 2022 was mainly due to additional prosperity tax ("Cukai Makmur") as gazetted in the Malaysian Budget 2022 and certain expenses being disallowed for taxation purposes and profits in certain subsidiary companies are separately assessed for tax and not relieved by losses in other companies within the Group.
